# PSI Process Announces Acquisition of TC Tech LLC

In addition to its strong regional reputation and best-in-class technologies, TC Tech brings key treatment partners to the PSI line card.

**Bryce Parkhurst, president of PSI Process and Tom Carmody, founder and president of TC Tech have brought their businesses together under the PSI Process brand.**

PSI Process is pleased to announce the acquisition of TC Tech LLC as of January 2023.

TC Tech is a key addition in PSI Process' ongoing growth initiative and brings several key treatment manufacturers, including Ovivo, Pall, and Chart, to the PSI Process line card. Additionally, the acquisition further expands the geographical territory and increases the size of the sales team for PSI Process.

Bryce Parkhurst, president of PSI Process, noted, "By combining the existing water treatment lines, controls system integration and repair service capabilities of PSI Process with the extensive knowledge of specialty treatment solutions and expanded territory of TC Tech, we'll be able to better serve our existing and future customers with complete turnkey

treatment solutions."

Tom Carmody, founder and president of TC Tech LLC, added, "We're very excited to be a part of the PSI Process team. Integration of our advanced treatment solutions, with their service and process controls capability, will be a benefit to our customers and principles. Our sales team will blend seamlessly into the PSI solutions-oriented approach. We look forward to working on the PSI team to provide world-class integrated treatment systems that solve our customers problems as they continue to evolve in the future."

TC Tech was founded by Tom Carmody in 2001 to serve as a specialized manufacturers rep firm serving the industrial and municipal water and wastewater markets with best-in-class advanced treatment technologies.

TC Tech's geographical focus is the mid-Atlantic region from Maryland through New England covering the states of Delaware, Maryland, Eastern Pa, New York, New Jersey and New England.

PSI Process, a 100% employee-owned company formed in 1970, is a leading sales and service organization serving the municipal, industrial, construction, commercial and utility markets in New Jersey, New York and surrounding areas.
